WASHINGTON, Nov. 11.-A Missouri Greenback editor and politician (H. Martin Williams), in an interview says ten dollars worth of advertising-all ing the house. They were all nominaton account of the pleasure it gives him ed by the Greenbackers, made their race as such, and will hold to their party for the offices of the house and Greenbackers from my state are concerned it would be worse than political death for them to do otherwise. They have no desire to and will not do otherwise. They are honest, true, brave men, who will prove true to their convictions and the party which nominated them. If the Republicans must have outside help to organize the house they will have to get it from some other source than the Greenbackers.

"In case the nine Greenback members held the balance of power, could not a combination be effected between them and the Democrats to organize the bouse?" was asked.

"That would be like a union between the armies of sin and righteousness," curtly replied the stalwart Missouri Greenbacker. "We don't want any truck with the Democrate any more than with the Republicans. Why, during the past four weeks A. Hewitt declared he would rather see the Republi cans organize the bouse than have the Greenbackers organize it in whole or in part. One thing can be relied on, it the Greenback members hold the balance of power, they will force an organization of the house in the interest of the people, against the money power and monopolies, if it requires two years to do it. the case, is a quiet, handsome girl of about 20. She attended school for several terms in the town of Blue Mound, and Macon, that Ward was then at the during the past summer she had charge of the old Blue Mound school one mile north of the village. She hoarded with her brother, Mr. E. T. Bhew, during the of having an interview with the young time of her engagement as teacher of the school, with the exception of about a month, when she had apartments and boarded at the Ward House, the home of young Ward. During that month Mr. Shaw and family went west on a visit, and their dwelling was closed. Miss Shaw is a modest young lady, bright, intelligent and well liked among her associates. She was the pet of her quickempered father, and she still holds a certificate as a teacher from the county su perintendent. At present she is the teacher in charge of the Rolling School, one mile northwest of Macon.

Robert Ward, the father of Tobe, is man of about 60 or 65 years of age, He is the proprietor of the Ward House at Blue Mound. About 12 years ago the old gentleman was shot by a neighbor while he resided near Mt. Auburn in Christian county. The story is that the old man had been in the habit of allowing his stock to get into the fields of his neighbors, and that he had been warned to keep his cattle in his own field. Mr. Ward failed to obey orders, and one morning one of his irate neighbors shot the old man through one of his hands while he was milking a cow in a lot.

Dr. SHAW'S FUNKBAL. The funcial of the late Dr. Shaw will take place at Blue Mound on Sunday. The remains will be interred in the cemetery near that lown.
